1. SignIn

The wireframe illustrates a sign-in interface. At the top, a header bar contains two horizontal lines. Below this, a large square placeholder with an 'X' inside represents a missing image or logo. The form consists of two input fields: the first is a simple rectangle, and the second is a rectangle with a small square icon containing an 'X' on its right side, likely for a password toggle. Below the input fields is a submit button, represented by two horizontal lines. At the bottom of the form, there are three horizontal lines, possibly for a footer or additional text.

2. SignUp

The wireframe illustrates a sign-up interface. At the top left is a hamburger menu icon. Below it is a progress indicator consisting of six circles connected by a line; the first circle is filled, indicating the current step. In the center is a large square placeholder with an 'X' inside. Below this are four input fields. The first two are simple rectangles. The third and fourth have a small square icon with an 'X' on the right side, likely representing a checkbox or a confirmation icon. At the bottom right is a single button.

3. SignUpVerify

The wireframe illustrates a 'SignUpVerify' form layout. At the top, a header bar contains a hamburger menu icon on the left. Below the header, a progress bar consists of six circles connected by a horizontal line; the second circle from the left is filled, indicating the current step. The main content area contains four horizontal lines for text input, followed by a large rectangular input field. Below this is a smaller rectangular input field. At the bottom of the form, there are two small rectangular input fields positioned side-by-side.

4. Hostel Details

The wireframe illustrates a 'Hostel Details' form layout. It includes a header bar with a hamburger menu icon on the left. Below the header is a progress indicator consisting of six circles connected by a horizontal line, with the third circle filled in grey. The main content area contains four stacked text input fields. The first field has a small downward-pointing triangle (dropdown arrow) on its right side. At the bottom of the form, there are two separate text input fields positioned side-by-side.

5. Personal Details

Header: Hamburger menu icon

Progress indicator: 6 circles, 4th circle filled

Form fields:

- Text input field
- Text input field
- Text input field
- Text input field

Radio buttons:

- ☐ Label
- ☐ Label

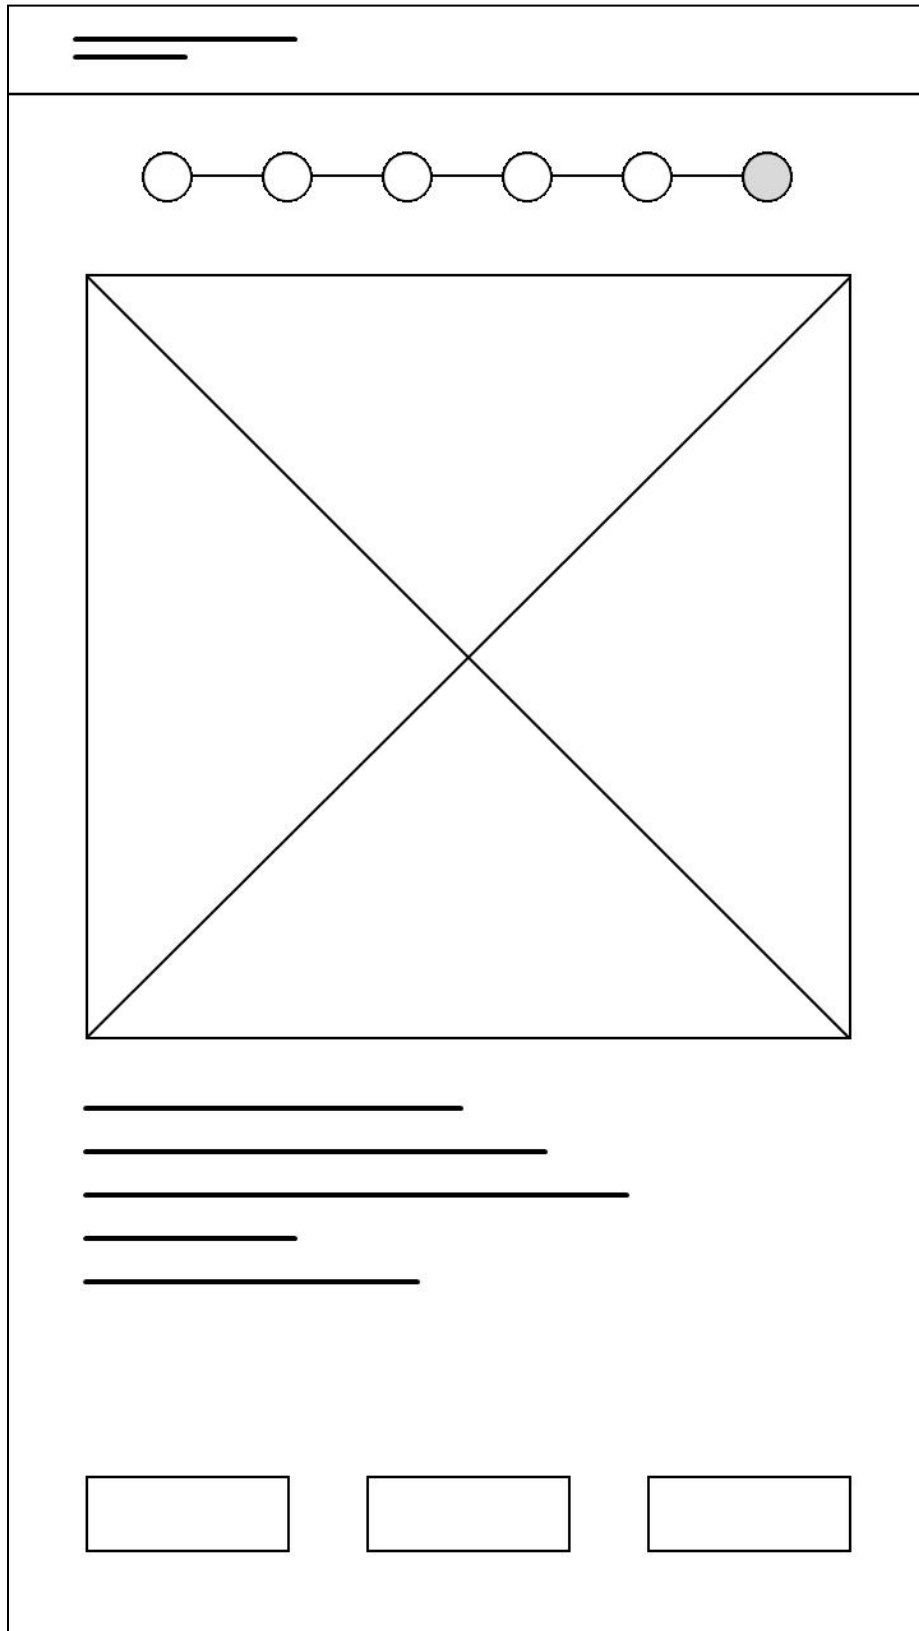

Footer:

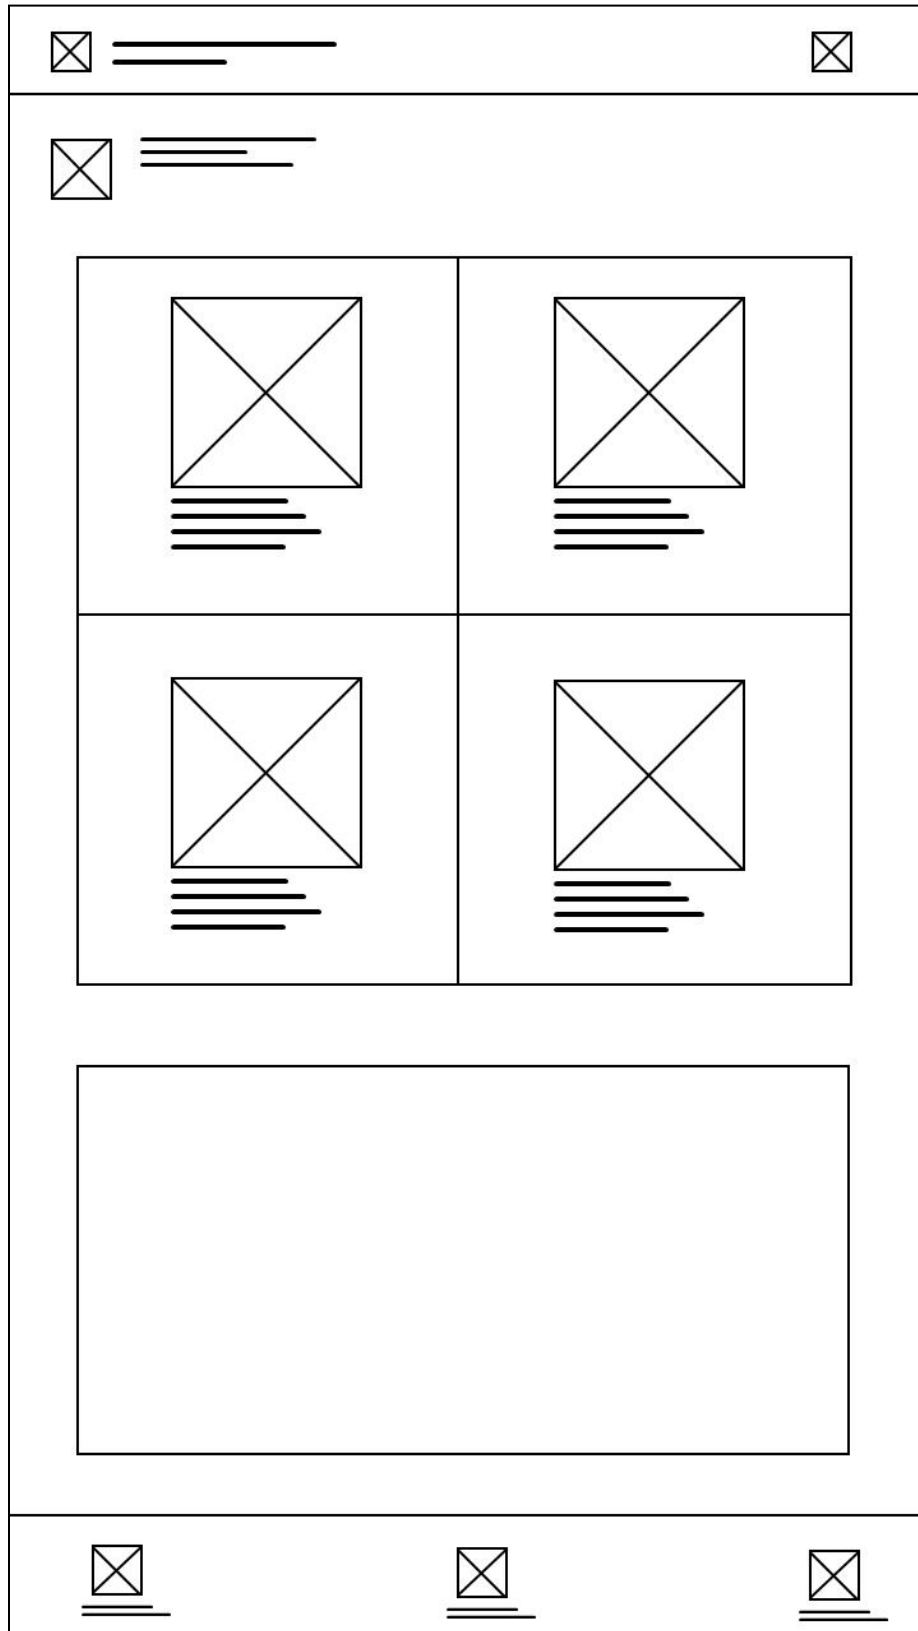

- Text input field
- Text input field

6. Education Details

The form layout includes a header bar with a hamburger menu icon. Below the header is a progress indicator consisting of six circles in a row, with the fifth circle shaded. The main content area contains five horizontal input fields stacked vertically. At the bottom, there are two separate input fields for additional information.
